BLUE PAW TRUST

dog's best friend!

02nd February 2010

Ms. Otara Gunewardene,
Chief Executive Officer,
Odel,
475/32, Kotte Road,
Rajagiriya,
Sri Lanka

Dear Ms. Otara Gunewardene,

It is with great pleasure that we inform you Embark sponsored four mobile veterinary clinics for dogs and cats were successfully conducted during the month of January 2010. January 2010 was the eighth month of the 12 month long campaign to sterilize 1200 dogs and cats.

During the month of January 2010 we were able to sterilize (and vaccinate) 88 animals and vaccinate (only) 124 animals and treat 12 animals. Upto the end of January 2010 we have sterilized a total of 834 animals. Some of them were owned while others were community. As a result of this intervention these animals are now healthier, happier and safer.

The mobile clinics were held in Kotte, Thalahena, and Udahamulla. The clinic sites were selected considering the number of animals available for sterilizations and vaccinations and considering the communities that will be benefited by our intervention.

We thank Channa Banduthilake and Ishan Fernando for their support and corporation in making this joint venture a success.

We are grateful to Embark, your personnel initiative, for sponsoring these clinics and making the lives better for dogs and cats.

The Clinic report is enclosed for your information.

Thanking you,
Yours sincerely,

Dr. Ganga de Silva
Veterinary Surgeon
